

## Interactive Whiteboard – Floating Tools Toolbar

Week 03 15th Oct

The features you use most are literally at your fingertips with the Floating Tools toolbar. To launch the Floating Tools, select the SMART Board icon located in Windows Notification Area at the bottom right of your screen, and choose **Floating Tools** from the SMART Board Tools menu.

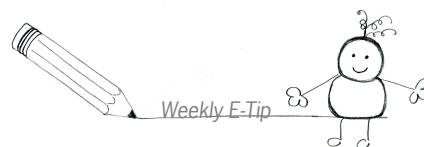

Next week's e-tip will be on how to customize your toolbar. There are lots of other useful Features, as for e.g.  The blinder, to cover the screen or part of it.

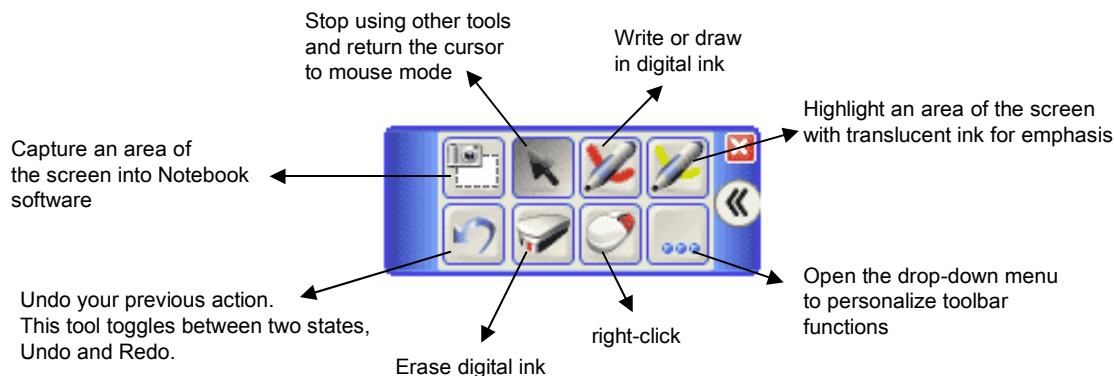

If you need an extra hand, do not hesitate in contacting your E-Guide - Sandra Pires - [spires@waes.ac.uk](mailto:spires@waes.ac.uk)
